

# ACOSH

Australian Council on Smoking and Health

30 April 2010

Mr Robert Manford  
State Manager  
Compu-Stor  
The Document & Data Storage People  
PO Box 441  
BELMONT WA 6984

Dear Robert,

I would like to thank Compu-Stor for your ongoing support and continued generosity in providing the Australian Council on Smoking and Health (ACOSH) with archiving storage at no cost since August 2005.

ACOSH is a small not for profit Non Government Organisation (NGO) with limited resources and unique archive documents dating back to 1967. We are extremely grateful for Compu-stor's charitable gesture in retaining and maintaining these important historical documents for free in such a professional and secure environment. We would highly recommend your services to anyone who requires high quality storage facilities.

On behalf of ACOSH and other organisations who stand for tobacco control, thank you for looking after these important documents and we look forward to a tobacco free Australia!

Kind Regards

Stephen Hall  
Executive Director
