

13th May 2010

Mr Robert Manford
Compu-Stor
PO Box 441
Belmont WA 6984

Dear Robert,

Support for SIDS and Kids Western Australia

On behalf of SIDS and Kids WA I would like to thank you for your kind support through the storage and disposal of our confidential (hardcopy) data and your generosity with provision of discounted services.

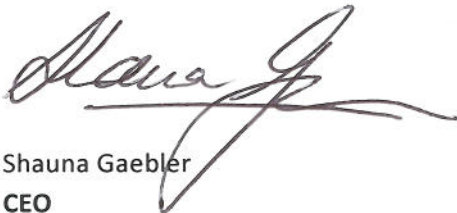

By supporting SIDS and Kids Western Australia you help to:

- ★ Support the families of around 25,300 babies born each year in WA.
- ★ Educate new parents about how help stop their babies dying from Sudden Infant death Syndrome (SIDS) and other fatal sleep accidents.
- ★ Support approximately 250 new families each year who have tragically suffered the death of their child.
- ★ Offer a 24 hour telephone support line to help people affected by the death of a child or infant.
- ★ Provide professional counseling support by telephone, individual, group, or couples sessions.
- ★ Educate health professionals, midwives, child care workers and emergency responders about child safety.

SIDS and Kids WA is primarily funded by community donations with Government funding is less than 10%. Your generosity helps us to save babies lives and to help families and others impacted by the death of a child.

Please let me know if I and SIDS and Kids WA can do to help you and/or Compu-stor in any way.

Kind regards,

Shauna Gaebler
CEO
